## EDUCATION

| Year      | Degree/Certificate                  | Institute                                                    | CGPA/Percentage |
|-----------|-------------------------------------|--------------------------------------------------------------|-----------------|
| 2023-2027 | B.Tech<br>Information<br>Technology | Guru Gobind Singh Indraprastha University (GGSIU), New Delhi | 7.6             |

## EXPERIENCE

- Singaway** May 2026 - Current  
*Frontend Developer*  
Chandigarh, IN
  - Developed responsive web applications using React, Tailwind CSS, Framer Motion, and AI tools to enhance user experience and accessibility
  - Designed and built reusable React components to streamline development process, reduce code duplication, and improve code maintainability
  - Developed user-friendly, responsive web interfaces for diverse client projects with focus on user experience optimization
  - Collaborated with UI/UX designers to ensure cohesive visual elements, consistent design systems, and optimal functionality
  - Conducted testing, debugging, and performance optimization of web applications across multiple browsers and devices

## PROJECTS

- SSO Platform - Single Sign-On Authentication System** 2026  
*TypeScript, Express.js, PostgreSQL, Node.js, REST API*
  - Architected and developed a secure Single Sign-On (SSO) platform using TypeScript, Express.js, and PostgreSQL for enterprise-grade user authentication
  - Implemented frontend using semantic HTML5 and responsive CSS, enabling secure user login, registration, and authentication workflow
  - Designed and implemented RESTful API endpoints for authentication, session management, and user validation
- Full-Stack Form Builder Platform** 2026  
*Next.js, TypeScript, tRPC, PostgreSQL, React, Tailwind CSS*
  - Built full-stack form builder platform using Next.js, TypeScript, tRPC (type-safe API), and PostgreSQL with scalable architecture
  - Developed responsive, interactive UI with React and Tailwind CSS supporting dynamic form creation, validation, submission, and data management
  - Implemented drag-and-drop functionality, form field customization, and real-time form preview for enhanced user experience

## TECHNICAL SKILLS

- Frontend Development:** React, Next.js, HTML5, CSS3, JavaScript, TypeScript, Responsive Design, Tailwind CSS, Framer Motion, Material UI
- Backend Development & Databases:** Node.js, Express.js, tRPC, REST API, PostgreSQL, NoSQL, Database Design, Server-Side Rendering
- Tools & Technologies:** Git, GitHub, Socket.io, Redis, Web Performance Optimization, Semantic HTML, CSS Preprocessing
- Soft Skills:** Problem Solving, Collaboration, UI/UX Implementation, Code Reusability, Agile Development, Testing and Debugging
